MY MOBILE INNOVATIONS

1. Project Background

My Mobile Innovations, LLC took head start off in Android Game Development. Versatile Game developers of My Mobile Innovations, LLC have proven their mettle by developing functional, engaging and enthralling games.

Personal entertainment segment is mainly lead by games on hand held devices. Any individual or a company wanting to take benefit of this trend but does not have their own game idea, My Mobile Innovations LLC can help you with it. The company develops games from the scratch to upwards. Developers of the company have a chest of adventurous game concepts that are waiting to be unleashed.

If the clients have a gaming concept, which they want to bring to life, proficient team of My Mobile Innovations can do so. Android game developer at My Mobile Innovations expresses, “We are glad that our work is being appreciated. Our work culture supports and appreciates novelty, which is passed on to our customers in the form of engaging games. Whether the game is based on cards or sports car, developers of the My Mobile Innovations LLC are skilled at adding a ting of challenge, which keeps the gamers hooked on for long to the game.

2. Project Detail

Forest Fun is an addictive, Fast-paced, Mind-concentration Puzzle game that anyone can pick up and play, and enjoy. Your goal is to match more and more animal pairs and send them to their happy home before it is dark. The more Animal pairs you match, the higher your score climbs.

The objective is simple in Forest Fun; earn the highest score by matching cute animal tiles fast and accurately. The game is introduced with three difficulty levels to challenge your Mind-concentration and speed.

Forest Fun has a simple game play mechanic that hooks player quickly, becoming more difficult and challenging as they progress through the game. With 3 modes and an increasing difficulty level for each mode, there's always a chance to achieve a higher score.

3. Key Features

- Designed for everyone. It improves concentration, speed and mind-power of player along with its healthy fun.
- Animals get randomized with every new start of game level.
- Animals jump happily to their home if you make correct attempt.
- Challenge yourself with 3 different difficulty levels to achieve the highest score. Each level increases your chance for a higher score.
- Try to match all tiles accurately as fast as you can to get 100 % score, if you dare.
- Unique storyline that gives feel of a forest environment.

MY MOBILE INNOVATIONS

- Unlimited replay for all levels.
- Status Area shows attempt, missed and game progress at a glance.
- Animals make their sound when you make correct attempt.
- Unique cheat feature, which displays hidden animals for few seconds based on difficulty level.
- High score is awarded if you are fast and have good concentration.
- Excellent sound effects that give it a real forest feel.
- Player gets stars based on the score and performance.

4. Requirements

People of any age can enjoy this game. Players need to select the game level depending upon the difficulty they need. All the graphics and sound of this game are made to provide a peaceful environment which helps to maintain player's concentration during the game-play. After selecting the game-level players need to remember the cheat which is provided only for seconds at the start of the main game-play. Game score depends upon the number of tries and time to match the tiles. So, try to match the tiles with less tries and seconds.

5. A Few Challenges

Making a game with such graphics and sound, independent of different screen designs and versions of Android is not an easy task. But the hard and smart work of our team made it possible. We faced some memory issues which were brilliantly resolved by our developers. Our QA-Testers' rigorous testing made the game bug-free and smooth. Our designer & the whole team worked very hard for the development of this game.

6. Benefits

- Mind-relaxing animations and sound
- Improves concentration, speed and mind-power of player along with its healthy fun.
- Test your skill with different difficulty levels.
- Always have chance to score more.
- Unique cheat feature, which displays hidden animals for few seconds based on difficulty level.

7. Technical Features
